DETACHMENT — HORUS HERESY (30K)

MASTERS OF THE LEGION

SONS OF HORUS (HH, TRAITOR) | WARHAMMER 40,000 | 11TH EDITION

Masters of the Legion is a fully homebrew Detachment for the Sons of Horus (XVI Legion) faction — a Horus Heresy-era Traitor Legion detachment adapted to the Warhammer 40,000 11th-edition Detachment framework, built from the real HH3e Sons of Horus Rite of War data. Formatted to match the No Figure Left Behind Combat Patrol archive.

FACTION ABILITY

DEATH DEALERS
The Sons of Horus never fire a wasted shot, and never a rushed one either. Each time a model in a friendly Sons of Horus unit makes a ranged attack with a weapon that has the [RAPID FIRE X] or [HEAVY] ability, that attack does not lose the benefit of that ability, even if the unit Advanced this turn.

DETACHMENT RULE

MASTERS OF THE LEGION
Detachment Points: To use this detachment you must spend 1 DP.

Every commander in this Legion was placed there personally by the Warmaster, and every one of them fights with his authority behind them. Each time a friendly Sons of Horus unit that is within 6" of a friendly Sons of Horus Character model is selected to fight, melee weapons equipped by models in that unit have the [SUSTAINED HITS 1] ability.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Purge the Foe.

DETACHMENT COMPOSITION

Included: All homebrew Sons of Horus (HH) roster units (Horus Lupercal or Horus Ascended, Ezekyle Abaddon, Garviel Loken, 'Little' Horus Aximand, Maloghurst the Twisted, Tybalt Marr, Vheren Ashurhaddon, Dark Emissary, Justaerin Terminator Squad, Reaver Attack Squad, Reaver Aggressor Squad, Chieftain Squad, Inductii Squad), and any homebrew Legiones Astartes (HH) unit from the generic Space Marines (HH) roster given the Sons of Horus Trait.

DESIGNER'S NOTE

Homebrew — HH3e (2026) Sons of Horus Legion Rite of War → 11e conversion. Built from the real HH3e Rite of War data in `Sons of Horus.json`, which has one baseline rite with three named pieces: Legion Tactica "Death Dealers" (real: Sons of Horus fire Volley Attacks at full Ballistic Skill without being forced to Snap Shot — used here as the army-wide Faction Ability, translated as never losing Rapid Fire/Heavy benefits to an Advance move), Gambit "Merciless Strike" (a Challenge-only weapon-quality boost, translated directly into the Merciless Strike Stratagem), and Advanced Reaction "Warrior Pride" (lets a Sons of Horus unit decline a Challenge from a lower-Weapon-Skill opponent without penalty, translated into the Warrior Pride Stratagem as a Fights First grant against a charging enemy). Unlike Dark Angels' Vengeance of the First Legion or World Eaters' Lost to the Nails, none of these three real pieces reads as a natural Detachment Rule centerpiece on its own — none of them is a single dramatic army-wide mechanic — so Masters of the Legion is an original Detachment Rule instead, built around this Legion's defining trait per its own real Primarch card: absolute personal loyalty to commanders placed by the Warmaster himself. The First to Strike, No Retreat, Cthonian Gambit, and The Warmaster Demands It are original stratagems filling out the standard six; Enhancements are original, themed around the Legion's Cthonian origins and political favour-currying culture.
