DETACHMENT — HORUS HERESY (30K)

RETRIBUTION STRIKE

ULTRAMARINES (HH, LOYALIST) | WARHAMMER 40,000 | 11TH EDITION

Retribution Strike is a fully homebrew Detachment for the Ultramarines (XIII Legion) faction — a Horus Heresy-era Loyalist Legion detachment adapted to the Warhammer 40,000 11th-edition Detachment framework, built from the real HH3e Ultramarines Rite of War data. Formatted to match the No Figure Left Behind Combat Patrol archive.

FACTION ABILITY

TACTICAL FLEXIBILITY
No Ultramarines commander wastes resources on a plan that has already worked. Once per battle round, the first time you use a Stratagem that targets a friendly Ultramarines unit, you can subtract 1CP from that Stratagem's cost, to a minimum of 0CP.

DETACHMENT RULE

RETRIBUTION STRIKE
Detachment Points: To use this detachment you must spend 1 DP.

A shot fired at one company is a shot answered by another. Once per battle, each time an enemy unit shoots a friendly Ultramarines unit, you can select a different friendly Ultramarines unit that has not been selected to shoot this phase, is within range of and has visibility to the enemy unit that made that attack, and is entirely composed of Ultramarines models: that unit can be selected to shoot the attacking enemy unit immediately, as though it were your Shooting phase.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Take and Hold.

DETACHMENT COMPOSITION

Included: All homebrew Ultramarines (HH) roster units (Roboute Guilliman, Remus Ventanus, Honoured Telemechrus, Invictus Suzerain Squad, Praetorian Breacher Squad, Locutarus Storm Squad, Fulmentarus Terminator Squad, Nemesis Destroyer Squad, Inductii Squad), and any homebrew Legiones Astartes (HH) unit from the generic Space Marines (HH) roster given the Ultramarines Trait.

Excluded: Any other Legion's Primarch or named characters. Non-Legiones-Astartes allies, per standard HH3e Legion-purity convention.

ENHANCEMENTS

RELIC OF MACRAGGE — *Character model only*
Each time the bearer fights, that model's melee weapons have the [DEVASTATING WOUNDS] ability.

STANDARD OF THE THIRTEENTH — *Character model only*
While the bearer is leading a unit, that unit's Objective Control characteristic is increased by 1.

TACTICAL PRIMARCH'S FAVOUR — *Character model only*
Once per battle, at the start of your Command phase, this model's Controlling Player can gain 1 Command Point.

SHIELD OF DOCTRINE — *Character model only*
The bearer has a 5+ invulnerable save. If the bearer already has an invulnerable save, add 1 to its Invulnerable Save characteristic instead (to a maximum of a 3+ invulnerable save).

DESIGNER'S NOTE

Homebrew — HH3e (2026) Ultramarines Legion Rite of War → 11e conversion. Built from the real HH3e Rite of War data in `Ultramarines.json`, which has one baseline rite with three named pieces. Legion Tactica "Tactical Flexibility" is real (once per turn, reduce the Reaction Point cost of a Reaction by 1) → Faction Ability, translated as a once-per-round Stratagem-cost discount, the closest 11e equivalent to a real Reaction-economy discount. Gambit "Aegis of Wisdom" (real: forgo the Outside Support Focus Roll bonus, instead gain +1 per friendly Command-Sub-Type Ultramarines model on the battlefield) became the identically-named Stratagem, translated as an Attacks bonus scaling with the number of friendly Character units present. Advanced Reaction "Retribution Strike" (real: once per battle, when a pure-Ultramarines unit is shot, a different eligible Ultramarines unit — not the one targeted — can immediately return fire on the attacker) was promoted to the Detachment Rule itself, matching how every other Legion's flagship real mechanic has anchored its own detachment — and a fitting flagship for a Legion whose doctrine is coordinated, combined-arms retaliation rather than any single unit acting alone. By the Book, Disciplined Fire, Doctrines of War, Counter-Offensive, and The Ultima Founding are original stratagems filling out the standard six; Enhancements are original, themed around the Legion's doctrine, discipline, and Codex-Astartes-founding identity.
