ABILITIES

Core

Deadly Demise D3

Interceptor

Each time this model makes a ranged attack that targets a unit that can FLY, add 1 to the Hit roll.

Small Bomms

Each time the bearer ends a Normal move, you can select one enemy unit it moved across during that move and roll three D6: for each 4+, that unit suffers 1 mortal wound.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note — Legendary Proxy

Attack Fighta was a 10e Legends datasheet removed from BSData entirely in the Sept 2026 Ork codex refresh. GW's own Legendary Proxies list assigns it to count as Dakkajet. This card uses Dakkajet's current chassis and Dual Supa-shoota weapon (renamed Twin big shoota to match the original), but keeps Attack Fighta's own defining Interceptor (anti-air) ability instead of Dakkajet's Strafing Run (anti-ground) — the two aircraft have opposite battlefield roles, and Interceptor is Attack Fighta's whole identity — plus its historical Small Bomms ability. Revert to a real datasheet if GW reinstates one.
