ABILITIES

More Dakka

While this model is leading a unit, each time a model in that unit makes a ranged attack, re-roll a Hit roll of 1.

Mekaniak

At the end of your Movement phase, you can select one friendly Orks Vehicle model within 3" of this model. That Vehicle model regains up to D3 lost wounds, and, until the start of your next Movement phase, each time that Vehicle model makes an attack, add 1 to the Hit roll. Each model can only be selected for this ability once per turn.

Leader

This model can be attached to the following units: Warbikers, Warbuggies, Skorchas.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note

Big Mek on Warbike was a 10e Legends datasheet dropped entirely from BSData in the Sept 2026 Ork codex refresh, with no official GW Legendary Proxy given. Anchored to the current Warbikers datasheet's Biker Nob-tier statline and current weapon profiles (Dual Dakkagun renamed Twin Dakkagun to match; the historical Close Combat Weapon reskinned as the current Choppa), keeping both signature abilities (More Dakka, Mekaniak) verbatim. Leader list narrowed for the same reason as Painboy on Warbike.
