ABILITIES

Core

Deadly Demise 1

Billowing Fumes (Aura)

While an enemy unit (excluding Monster/Vehicle units) is within 6" of this unit, when that enemy unit is selected to shoot, that unit's targets have the benefit of cover until that unit has shot.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note — Legendary Proxy

Boomdakka Snazzwagon was removed from BSData entirely in the Sept 2026 Ork codex refresh (Orks.json rev 2→3). GW's own Legendary Proxies list assigns it to count as Warbuggies. This card is that Warbuggies chassis (identical stats, and its exact current Mek Speshul + Extra Dakka + Spiked Ram loadout — both already share the Snazzwagon's original weapon names, Mek speshul and Spiked wheels) re-skinned to match, keeping its signature Billowing Fumes aura intact. Revert to a real datasheet if GW reinstates one.
