ABILITIES

Da Revolushun!

While this model is leading a unit, each time a model in that unit makes an attack, add 1 to the Hit roll.

Has Yoo Been a Good Little Grot This Year?

Once per battle, in your Shooting phase, you can target this model's unit with the Grenade Stratagem for 0CP, and can do so even if you have already targeted a different unit with that Stratagem this phase.

Leader

This model can be attached to the following unit: Gretchin.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note

Da Red Gobbo was a 10e Legends named-character datasheet dropped entirely from BSData in the Sept 2026 Ork codex refresh, with no official GW Legendary Proxy given. Kept fully as his own historical self here — his stats, Kustom Grot Blasta, Icon of da Revolushun, and both signature abilities are all bespoke to this one-of-a-kind character with no generic current chassis to anchor to; no changes were made beyond format.
