ABILITIES

Big an' Stompy

This unit's melee attacks can re-roll hit rolls of 1.

Mega Carnage

Each time this model is selected to fight, you can select one enemy unit within Engagement Range of it and roll one D6, adding 2 to the result if this model made a Charge move this turn: on a 4-5, that enemy unit suffers D3 mortal wounds; on a 6+, that enemy unit suffers 3 mortal wounds.

Dead Rippy

This model is equipped with paired dread rippa klaws, so both weapons have the [TWIN-LINKED] ability.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note — Legendary Proxy

Mega Dread was a 10e Legends datasheet removed from BSData entirely in the Sept 2026 Ork codex refresh. GW's own Legendary Proxies list assigns it to count as Gorkanaut. This card uses Gorkanaut's current chassis and Deffstorm Mega-shoota, with Klaw of Gork renamed Dread rippa klaw (x2, paired) to match Mega Dread's own historical Dread Rippy ability, which specifically names "dread rippa klaws" as one of this unit's signature paired-weapon configurations — that ability is kept verbatim alongside its Mega Carnage charge-mortal-wounds ability. Revert to a real datasheet if GW reinstates one.
