ABILITIES

Big an' Shooty

In your Shooting phase, this unit's ranged attacks can re-roll hit rolls of 1.

Mekaniak

At the end of your Movement phase, you can select one friendly Orks Vehicle model within 3" of this model. That Vehicle model regains up to D3 lost wounds, and, until the start of your next Movement phase, each time that Vehicle model makes an attack, add 1 to the Hit roll. Each model can only be selected for this ability once per turn.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note — Legendary Proxy

Meka-Dread (a Forge World 10e Legends datasheet) was removed from BSData entirely in the Sept 2026 Ork codex refresh. GW's own Legendary Proxies list assigns it to count as Morkanaut. This card is that Morkanaut chassis (identical stats and weapons — Klaw of Mork renamed Meka Klaw to avoid implying a Deffkilla-cult affiliation the original unit never had), keeping its signature Mekaniak repair/buff ability intact alongside Morkanaut's own Big an' Shooty. Revert to a real datasheet if GW reinstates one.
