ABILITIES

Drive-by Krumpin'

Each time this unit Consolidates, each model in this unit can move up to 6" instead of up to 3".

Speed Freeks Mob

If a model from your army with the Leader ability can be attached to a Warbikers unit, it can be attached to this unit instead.

High-speed Carnage

If this unit made a charge move this turn, this unit's melee attacks have +1 S and D.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note — Legendary Proxy

Nobz on Warbikes was removed from BSData entirely in the Sept 2026 Ork codex refresh (Orks.json rev 2→3). GW's own Legendary Proxies list assigns it to count as Warbikers — and by coincidence, current Warbikers' own upgraded "Biker Nob" sub-entry already has the exact same per-model stat line (M12"/T6/Sv4+/W4/LD7+/OC2/InSv6+) this unit's models had historically. This card is a full unit of that Nob-tier profile, all armed with power klaws, keeping both of the unit's own historical abilities (Drive-by Krumpin', Speed Freeks Mob) plus current Warbikers' High-speed Carnage. Revert to a real datasheet if GW reinstates one.
