## ABILITIES

### CORE

Deadly Demise 1

### SHOKK TUNNEL

In your Movement phase, when this unit is selected to make an advance move, you can use this ability. If you do: that move has no maximum distance; this unit can move through all types of model (including enemy models and Monster/Vehicle models); after moving, your unit must be more than 8" horizontally from all enemy units.

### FACTION — WAAAGH!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

### DESIGNER'S NOTE — LEGENDARY PROXY

Shokkjump Dragsta was removed from BSData entirely in the Sept 2026 Ork codex refresh (Orks.json rev 2→3). GW's own Legendary Proxies list assigns it to count as Warbuggies. This card is that Warbuggies chassis (identical stats, and its exact current Rivet Kannon + Extra Dakka + Spiked Ram loadout) re-skinned under the model's original weapon names, keeping its signature Shokk Tunnel mobility ability intact. Revert to a real datasheet if GW reinstates one.
