Orders
This Officer can issue 2 Orders to Regiment units.

Like Lightning!
Each time this model issues an Order to a Mounted unit, it can issue the following Order instead of one from the Voice of Command list. LIKE LIGHTNING!: You can re-roll Charge rolls made for this unit, and melee weapons equipped by models in this unit have the [LANCE] ability.

Heroic Charge
Each time this model's unit ends a Charge move, until the end of the turn, melee weapons equipped by models in that unit have the [LANCE] and [DEVASTATING WOUNDS] abilities. After that fight, this model can no longer use its Attilan hunting lance for the rest of the battle.

Honourable Death
Each time this model is destroyed in the Fight phase, do not remove it from play; it can fight after the attacking unit has finished making its attacks, and is then removed from play.

Designer's Note. Mogul Kamir was Attila's "Like Lightning!" Order character in 5th-7th Edition Codex: Imperial Guard. His three signature traits are preserved here: a hunting lance with a bonus on the charge that's consumed afterward, an Order granting nearby Mounted units re-rolled charges and bonus attacks, and a death-fight ability letting him strike one last time. Fully bespoke — no current BSData equivalent exists for a named Attilan character. **11th-edition conversion, 2026-08-23: updated the Leader join-list.** The original 10e-era card only let him join Death Riders of Krieg, since at the time it was written that was the only mounted Astra Militarum unit confirmed current in BSData. Both Attilan Rough Riders and the homebrew Imperial Guard Rough Riders are now confirmed valid join targets — Death Riders dropped from the list on purpose, keeping Kamir's own identity distinctly Attilan (an aggressive charge-cavalry khan) rather than drifting toward Death Riders' current defensive "Screening Line" flavour. **Checked against real Lord Marshal Dreir (75pts, the current official Death Riders Leader character) as a power-level reference** — Dreir outranks Kamir (Lord Marshal vs. Captain-equivalent), so this was inspiration, not a target to match exactly. One real design improvement adopted: Dreir's charge ability buffs his whole led unit, not just himself, so Heroic Charge now does the same (previously personal-only). Stats and points (80) otherwise kept unchanged — Kamir already compares reasonably to Dreir (W5 vs Dreir's W6, no invulnerable save vs Dreir's 4+, but a stronger personal lance and pistol options Dreir lacks). 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
