ASDRUBAEL VECT

165 POINTS

SUPREME OVERLORD OF COMMORRAGH

AELDARI • DRUKHARI • BLACK HEART KABAL

The Sceptre of Dark Millennia is a relic of pre-Fall Eldar craftsmanship — an obsidian-tipped power-staff that has slain Daemon Princes, Phoenix Lords, and rival Archons alike. Vect alone is permitted to wield it.

ABILITIES

Faction — Power from Pain
See Army Rule.

Shadow Field
This model has a 3+ invulnerable save. You cannot re-roll invulnerable saving throws made for this model. The first time an invulnerable saving throw made for this model is failed, until the end of the battle, this model has no invulnerable save.

Supreme Overlord [AURA]
While a friendly Drukhari unit is within 6" of this model, that unit re-rolls Hit rolls of 1, and while wholly within your opponent's deployment zone, also re-rolls Wound rolls of 1.

Master of Combat Drugs
While this model is leading a unit, in your Command phase, select one Combat Drug from the Combat Drugs list. Until the start of your next Command phase, that Combat Drug is active for this model's unit (in addition to any active for your army), and each time a model in that unit makes an attack, add 1 to the Wound roll.

Eternal Spite
Each time this model would lose its last wound, roll one D6: on a 5+, this model is not destroyed and instead has its remaining Wounds set to 1. This ability cannot trigger more than once per battle.

Splinter Pistol

Designer's Note. Asdrubael Vect, Supreme Overlord of Commorragh, was removed from BSData before 7e (2014) — no cached repo entry exists across 7e/8e/9e/10e. Profile translated from the 5e Codex Dark Eldar (2010) source, anchored on the Archon baseline (T4/Sv2+/3++) elevated to Supreme Overlord tier. Shadow Field degrade-on-fail rule preserved verbatim. Combat Drugs auto-select is the canonical Vect mechanic. Eternal Spite gives him one resurrection per battle, reflecting that he never truly lost in the lore. **11th-edition verification, 2026-08-31:** checked current 11e BSData directly — no match for "Vect" anywhere (only unrelated substring false-positives); still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
