VECT ON THE DAIS OF DESTRUCTION

365 POINTS

ANTI-GRAV THRONE VARIANT

AELDARI • DRUKHARI • BLACK HEART KABAL

The Dais of Destruction is an anti-grav throne-cum-warship — a fortress-sized scimitar-shaped craft mounted with the heaviest weaponry the Dark Eldar can field. Vect commands it personally from a raised dais at its prow.

Faction — Power from Pain
See Army Rule.

Open-Topped Transport
This model has a transport capacity of 10 Drukhari Infantry models (excluding Jump Pack models). Units embarked within it can disembark even if this model Advanced this turn (but cannot declare a charge that turn).

Shadow Field
This model has a 4+ invulnerable save. You cannot re-roll invulnerable saving throws made for this model. The first time an invulnerable saving throw made for this model is failed, until the end of the battle, this model has no invulnerable save.

Vect Commands [AURA]
While a friendly Drukhari unit is within 9" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of 1. Asdrubael Vect and Vect on the Dais of Destruction cannot both be included in the same army.

Night Shield
Each time a ranged attack with a Range of 24" or more targets this model, that attack's Range is treated as 6" shorter.

Flickerfield
Each time a ranged attack would inflict damage on this model, you may roll one D6: on a 5+ (4+ against attacks with the [BLAST] keyword), that damage is reduced to 0.

> **Designer's Note.** This is the Lord-of-War-tier vehicle variant of Asdrubael Vect. Dropped from BSData before 7e. Stats anchor on a hybrid of Raider and Drukhari super-heavy patterns, elevated to Lord of War tier. Three signature weapons (Twin Splinter Cannon + Dark Lance + paired Disintegrator Cannons) preserve the canonical 5e profile. Open-Topped Transport carries 10 models — fits a full Kabalite Warriors squad. Night Shield + Flickerfield are translated from the canonical 5e Drukhari vehicle abilities. Important: the standing Vect and the Dais cannot both be fielded in the same army — they represent the same character in two presentations. **11th-edition verification, 2026-08-31:** checked current 11e BSData directly — no match for "Dais of Destruction" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
