

CAPTAIN MORDACI BLAYLOCK

MASTER OF THE NOVAMARINES 1ST COMPANY

ADEPTUS ASTARTES • NOVAMARINES • IMPERIUM

Foe Ripper is a relic Dreadnought-pattern claw scaled down for Terminator-pattern use — its mass requires a fully braced stance, hence the lower hit accuracy, but a single strike has been recorded cleaving a Tyranid Carnifex from collar to hip.

This model can be attached to one of the following units: Terminator Squad, Terminator Assault Squad, Sternguard Veteran Squad, Bladeguard Veteran Squad.

Rites of Battle (Novamarines) [AURA]

While a friendly Novamarines unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of 1.

Hard as Stone [AURA]

Each time a model in a friendly Novamarines Infantry unit within 6" of this model would lose a wound, roll one D6: on a 6, that wound is not lost.

Teleport Strike

During deployment, you can set this model up in teleportarium reserves. In the Reinforcements step of one of your Movement phases, set it up anywhere on the battlefield more than 9" horizontally from all enemy models.

Brace and Strike

In a turn in which this model Remained Stationary, until the end of the turn the Hit modifier penalty for Foe Ripper is ignored (resolved at BS/WS without the -1 penalty).

Designer's Note. Mordaci Blaylock is the Captain of the Novamarines 1st Company — a 1st Company Captain who wears Cataphractii Terminator armour. Stats anchor on the Captain in Terminator Armour baseline (M5/T5/Sv2+/4++) with W5 (slightly lower than canonical W6) to reflect the 8e profile and 130 pts. Foe Ripper's

heavy claw profile is preserved; the Brace and Strike ability provides a way to negate the accuracy penalty (the model takes a heavy strike if stationary). Hard as Stone preserves the canonical 6+ "wound ignored" aura from 8e verbatim. **11th-edition verification, 2026-08-30:** checked current 11e BSDData directly — no match for "Blaylock" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass.
