

COLOUR SERGEANT KELL

STANDARD BEARER OF THE CADIAN 8TH

ASTRA MILITARUM • CADIAN • IMPERIUM

Kell carries the Cadian 8th's regimental colours into battle, signalling his position to friend and foe alike. His power fist has caved in the helms of more Traitor Marines than most veteran sergeants have ever seen.

[LEADER]

Leader

This model can be attached to one of the following units: Cadian Command Squad, Cadian Shock Troops, Kasrkin. (If joining a unit already led by Lord Castellan Creed / Ursula Creed, both Leaders attach as one Leader stack.)

Regimental Standard [AURA]

While a friendly Cadian unit is within 6" of this model, that unit can re-roll Battle-shock tests, and improves its Objective Control characteristic by 1 while within range of an objective marker.

Listen Up, Maggots!

Each turn, if a friendly Cadian Officer model is within 6" of this model, that Officer can issue one additional Order beyond their normal limit. (This stacks with Lord Castellan abilities.)

Sworn Protector

If this model is in the same unit as a friendly Lord Castellan Creed or Lord Castellan Ursula Creed, each time that Lord Castellan would lose a wound, you can roll one D6: on a 2+, that wound is allocated to this model instead (armour and invulnerable saves still apply normally). If this would destroy Kell, the wound is fully absorbed.

Colours of the Cadian 8th

Each time a friendly Cadian Infantry model within 6" of this model is destroyed, before removing it from play, roll one D6: on a 6, that model can fight or shoot one final time before being removed.

Designer's Note. Colour Sergeant Jarran Kell is the standard bearer of the Cadian 8th and Lord Castellan Creed's right-hand man. This homebrew preserves the four-pillar identity: Regimental Standard aura (Battle-shock + OC), Listen Up Maggots (extra Order via nearby Officer), Sworn Protector (still tied to either Creed), and Colours of the

Cadian 8th updated to a "fight or shoot once on death" effect. Use this card alongside Lord Castellan Ursula Creed. **11th-edition verification, 2026-08-30:** checked current 11e BSData directly — no match for "Kell" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass.
