

HIGH CHAPLAIN THULSA KANE

MASTER OF RECLAMATION — EXECUTIONERS CHAPTER

ADEPTUS ASTARTES • EXECUTIONERS • IMPERIUM

Lifetaker is a relic crozius forged from the skull-cap of a slain Daemon Prince. It is said to gain weight in the presence of an unworthy enemy — and its strikes against named champions kill outright more often than not.

Designer's Note. High Chaplain Thulsa Kane is the spiritual master of the Executioners Chapter — a black-clad killer whose very presence shifts melee initiative in his favor. Stats anchor on the Captain-tier baseline (T4/W6/Sv2+/4++) — elevated from standard Chaplain stats to reflect his High Chaplain rank. Lifetaker preserves the 8e bonus damage vs Characters via Anti-Character 4+ and the D3+2 damage profile. The four-ability stack is the lore-correct High Chaplain support package — he doesn't out-damage other characters, but he makes the unit he leads almost impossible to engage in melee on equal terms. **11th-edition verification, 2026-08-30:** checked current 11e BSData directly — no match for "Thulsa Kane" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass.
