[LONE OPERATIVE] (Terminator variant additionally has [DEEP STRIKE])

A Glorious Death

The first time this model is destroyed, roll one D6: on a 4+, set this model back up as close as possible to where it was destroyed and not within Engagement Range of any enemy models, with 1 wound remaining. The model can only be revived once per battle.

Worthy of a Saga

Each time this model makes a melee attack against a Character or Monster unit, you can re-roll the Wound roll.

An Army of One

This model can never be your Warlord and cannot take Enhancements. It cannot join other units (it is always a Lone Operative — solo).

UNIT COMPOSITION

1 Lone Wolf model, in either Power Armour or Terminator Armour.

Designer's Note. The Lone Wolf had distinct datasheets in 4th-9th Edition Codex Space Wolves with both power-armour and Terminator variants. This is a homebrew conversion: dual statblock for both armour profiles; weapon options consolidated to current profiles. "A Glorious Death" preserved as a once-per-battle revive. Lone Operative captures the "Army of One" identity in modern keywords. **11th-edition verification, 2026-08-30:** checked current 11e BSData directly — no match for "Lone Wolf" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass.
