Deff from Above

Each time this unit ends a Normal move, you can select one enemy unit it moved over during that move and roll one D6 for each model in this unit: for each 4+, that enemy unit suffers 1 mortal wound.

Faction — Waaagh!

Friendly Orks with this ability can re-roll advance rolls, and can become riled up (see Army Rule).

Designer's Note

Deffkoptas with Big Shootas was a 10e Legends datasheet dropped entirely from BSData in the Sept 2026 Ork codex refresh, with no official GW Legendary Proxy given. Anchored to the current Deffkoptas chassis and its exact current 4-weapon loadout structure (main gun + Slugga + Spinnin' Blades + Choppa, confirmed all four are worn simultaneously on a real Deffkopta), swapping the main-gun slot to twin Big Shootas to match this variant's namesake, keeping Deff from Above verbatim. Points update 2026-10-10: the Deffkoptas anchor rose 80 to 85 in the 30 Sept 2026 Munitorum Field Manual, so this card is now 85 pts. Points now track the anchor automatically in New Recruit.
