

ARMENNEUS VALTHEX

MASTER ARTIFICER OF THE ASTRAL CLAWS

ADEPTUS ASTARTES • ASTRAL CLAWS • IMPERIUM

A unique conversion beamer of Valthex's own design — the longer the beam travels, the more lethal its accumulated charge. A nest of mechadendrites and energy-blades grafted to his harness lashes out at anything within reach.

Designer's Note. Armenneus Valthex is the Master Artificer of the Astral Claws (loyalist Badab War era). He has no current-edition datasheet — this profile is a homebrew conversion based on his 8th-Edition Wahapedia profile (Imperial Armour: Forces of the Adeptus Astartes index, from Imperial Armour 9: The Badab War — Part One, 2010, 5th Edition). Statline preserved from the 8e profile (M6/T4/W5/Sv2+); abilities re-translated to current keywords. **11th-edition conversion, 2026-08-25: added a 4+ invulnerable save**, which the original 8e-sourced card never had — brought in line with the two other homebrew power-armoured Astartes Characters in the archive with a real BSData-equivalent-free design (Draykavac 4+, Magos 5+), where the pattern is that a homebrew Astartes Character generally carries an invulnerable save unless there's a specific fluff reason not to (contrast Mogul Kamir, an Astra Militarum cavalry Character who explicitly has none — "Carapace Armour" — Valthex, in full power armour, was the outlier for lacking one, not the norm).
