

CAPTAIN AL'RAHEM

LIKE THE WIND, TALLARN STRIKES

ASTRA MILITARUM • TALLARN • IMPERIUM

Al'Rahem fights like the desert storms of Tallarn — striking from where no enemy expected, then vanishing into the dunes before the foe can react. He duel-wields his plasma pistol and tribal power-sabre with the practiced grace of a desert raider.

ABILITIES

Faction — Voice of Command

See Army Rule.

"Like the Wind!" Order

Once per turn, in your Movement phase, this model can issue the "Like the Wind!" Order to a friendly Astra Militarum Infantry unit within 6" of it, in addition to any Orders it issues in your Command phase. Until the end of the turn, that unit has the Scouts 6" ability, and ranged weapons equipped by models in that unit have the [ASSAULT] ability.

Tallarn Outflank

During deployment, instead of setting up this model's unit on the battlefield, you can place it into Strategic Reserves. In your Movement phase, this unit can be set up anywhere on the battlefield more than 9" from all enemy models — including in your first turn, without waiting for the normal Reserves rules.

Bushido of the Sands

Each time this model's unit is selected to Advance or Charge, you can re-roll the Advance or Charge roll. This also applies if that unit benefits from the "Like the Wind!" Order this turn.

UNIT COMPOSITION

1 Captain Al'Rahem model. This model is equipped with: 1 Tallarn Power Sword; 1 Plasma Pistol. Al'Rahem replaces the Commander model in an Imperial Guard Command Squad (see Imperial Guard Command Squad reference), using his own statline, wargear, and abilities in place of the generic Commander's — the unit then costs 35 points (its 4 Veteran Guardsmen) plus Al'Rahem's own 70 points.

Designer's Note. Tallarn Desert Raiders' signature HQ choice across 3rd–7th Edition Codex: Imperial Guard / Astra Militarum. Converted from the 7th Edition-sourced homebrew Captain Al'Rahem (v2). 11th-edition conversion, 2026-07-28: Al'Rahem now occupies the Commander slot of an Imperial Guard Command Squad directly rather than joining an external squad via a Leader ability, matching how the Sons of Tallarn Combat Patrol has always used him.
