

COMMANDER TORCHSTAR

THE PYROMANIAC

T'AU EMPIRE • FARSIGHT ENCLAVES • EPIC HERO

Torchstar's incinerator-pattern flammers project a stream of superheated promethium-plasma mix — a weapon notably devastating against light infantry. She is the only female commander among The Eight, and the most reckless.

Designer's Note. Torchstar is the lone wolf of the Eight — she frequently deploys ahead of the formation. Twin flamer with Torrent + Twin-linked + Ignores Cover gives her the strongest anti-horde profile of any Commander; Lone Operative + Reckless Advance let her play forward. Burning Vengeance escalates the damage as the unit takes losses, capturing her canonical "finish what she started" personality.
