COMBAT PATROL

THE IRON TIDE

ASTRA MILITARUM (STEEL LEGION) | WARHAMMER 40,000 | 11TH EDITION

The Armageddon Steel Legion knows one rhythm and one only: the iron rhythm of treads on rockcrete. Where the Legion advances, the line moves as one continuous wall of armour and gunfire — Castellan in his Chimera's cupola, infantry in the holds, heavy weapons bolted to the upper hatches. This is a homebrew Astra Militarum Combat Patrol for the Armageddon Steel Legion, built on the reusable Imperial Guard Command Squad/Squad/Heavy Weapon Squad datasheets and the Mechanised Strike Force detachment. Formatted to match the No Figure Left Behind Combat Patrol archive.

ARMY RULE

VOICE OF COMMAND

If your Army Faction is Astra Militarum, Officer models with this ability can issue Orders. Each Officer datasheet specifies how many Orders it can issue in a battle round and which units are eligible to receive those Orders. Each time an Officer model issues an Order, select one of the Orders below, then select one eligible friendly unit within 6" of that Officer model to issue it to.

Officer models can issue Orders in your Command phase and at the end of a phase in which they disembarked from a Transport or were set up on the battlefield.

Until the start of your next Command phase, the unit you selected is affected by that Order. Unless otherwise stated, a unit can only be affected by one Order at a time (any Order subsequently issued to that unit replaces the current one). Orders cannot be issued to Battle-shocked units, and if a unit being affected by an Order becomes Battle-shocked, that Order ceases to affect that unit. Only Astra Militarum models gain the benefit of an Order issued to their unit.

• **Move! Move! Move!** — Add 3" to the Move characteristic of models in this unit.
• **Fix Bayonets!** — Improve the Weapon Skill characteristic of melee weapons equipped by models in this unit by 1.
• **Take Aim!** — Improve the Ballistic Skill characteristic of ranged weapons equipped by models in this unit by 1.
• **First Rank, Fire! Second Rank, Fire!** — Improve the Attacks characteristic of Rapid Fire weapons equipped by models in this unit by 1.
• **Take Cover!** — Improve the Save characteristic of models in this unit by 1 (this cannot improve a model's Save to better than 3+).
• **Duty and Honour!** — Improve the Leadership and Objective Control characteristics of models in this unit by 1.

ARMOURED FIST DOCTRINE

If your Army Faction is Astra Militarum and your Detachment is Steel Legion, every Infantry unit in your army can be given a Chimera as a Dedicated Transport — the normal limit on the number of Dedicated Transport units your army can include does not apply to Steel Legion forces. This Combat Patrol demonstrates the doctrine in full: every Infantry unit in the box rides to battle in its own Chimera.

DETACHMENT RULE

MECHANISED STRIKE FORCE

Detachment Points: To use this detachment you must spend 1 DP.

MECHANISED DOCTRINE

While a unit from this detachment is embarked within a friendly Astra Militarum Transport, add 1 to the Objective Control characteristic of that Transport. Each time a unit from this detachment disembarks from a Transport in your turn, until the end of that turn, attacks made with [HEAVY] weapons equipped by models in that unit can benefit from the [HEAVY] ability even though that unit was set up on the battlefield this turn, provided no model in that unit has moved more than 3" since it disembarked.

FORCE DISPOSITIONS

This detachment has access to the following Force Disposition: Priority Assets.

ENHANCEMENTS

TRACK COMMANDER — *Iron Tide Command Squad unit only*

While the bearer is embarked in a Chimera, that Chimera's ranged weapons are made at Ballistic Skill 3+ (instead of 4+), and you can re-roll Hit rolls of 1 made for that Chimera's ranged attacks that target the closest visible enemy unit.

IRON FLANK — *Iron Tide Armoured Sentinel unit only*

Ranged weapons equipped by this model have the [LETHAL HITS] ability. In addition, each time this model makes a ranged attack, if it did not make a Normal, Advance, or Fall Back move this turn, add 1 to the Hit roll.

STRATAGEMS

OPEN HATCHES! **1CP**

The Iron Tide — Battle Tactic Stratagem

When: Your Shooting phase, just after a friendly Iron Tide Chimera's embarked unit is selected to shoot using the Firing Deck ability.

Target: That Chimera.

Effect: Increase that Chimera's Firing Deck characteristic by 2 until the end of the phase. Until the end of the phase, models in the embarked unit can re-roll Wound rolls of 1.

TREADS FORWARD! **1CP**

The Iron Tide — Strategic Ploy Stratagem

When: Your Movement phase, before a friendly Iron Tide Chimera moves.

Target: That Chimera.

Effect: Add 3" to that Chimera's Move characteristic until the end of the phase. If that Chimera Advances this phase, embarked models may still disembark from it this turn after the Chimera has moved.

SMOKESCREEN SURGE **1CP**

The Iron Tide — Strategic Ploy Stratagem

When: End of your Movement phase.

Target: All friendly Iron Tide Chimera models that did not Advance this phase.

Effect: Until the start of your next turn, those Chimera models have the Stealth ability and models in those units have the Benefit of Cover.
