ABILITIES

Faction — Sons of the Legions

This unit is a generic Legiones Astartes (Horus Heresy era) datasheet usable by any of the 18 Legions. Detachment buffs and Legion-specific stratagems apply per the Legion this unit is fielded as (Loyalist or Traitor). When fielded in a 40K list, treat as having the **Oath of Moment** faction ability if Loyalist; **Dark Pact** if Traitor.

Wall of Bronze (Boarding Shield)

Each time an attack targets this unit with a ranged weapon, this unit has a **4+ invulnerable save** against that attack. In the Fight phase, this unit improves its Save characteristic by 1 against incoming melee attacks (e.g., 3+ → 2+); no save can ever improve past 2+.

Implacable Advance

While this unit is within range of an objective marker, each time a model in it would lose a wound from a Battle-shock test's effects, ignore that wound. This unit also re-rolls Battle-shock tests while within range of an objective marker.

Boarding Operations

Each time this unit makes a Charge move in the same turn it disembarked from a Drop Pod, Caestus Assault Ram, Kharybdis Assault Claw, or Boarding Torpedo, you can re-roll the Charge roll, and on a turn in which it charges, models in this unit gain [LETHAL HITS] on melee attacks.

DESIGNER'S NOTE — *Breacher Squads are the bronze-shielded boarding infantry of the Heresy — sealed in heavy armour and Mk III variants, advancing behind boarding shields into the most contested zones. No 10e analog: 10e Sternguard are veterans but lack the boarding-shield 4+ ranged-invul mechanic. HB design: anchored on 10e Tactical Squad statline + a 4+ invul vs ranged (the shield) + melee Sv-improver. Boarding Operations is the canonical "rolled out of an assault transport" rule. 100 pts for 5 / 200 pts for 10 is parity with 10e Sternguard but trades long-range firepower for the boarding-shield defensive package.* **11E CODEX UPDATE (18 OCT 2026):** *power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Assault Intercessor Squad 75→85.*
