Designer's Note. Built directly from the real HH3e digitized "Caster of Runes" profile (`Space Wolves.json`), the Space Wolves' Librarian equivalent (a Rune Priest), 110pts real cost, translated using the standard ~0.76 named-character ratio to 84pts. Real stat line: M7/WS5/BS5/S4/T4/W3/I5/A4/LD8/CL7/WP10/IN8/SAV2+/INV5+ — his real WP10 is the highest Willpower of any Space Wolves character checked. Like the previously-built Prosperine Sorcerer, Stormseer, and Diabolist, this is a pick-a-discipline caster; his Force weapon uses this project's established Force-to-Devastating-Wounds rendering. Foresight's Blessing is a real Divination Psychic Power, granting a friendly unit the real Precision(5+) Special Rule during a Shooting Attack — translated here directly using 11e's own Precision ability keyword, and kept as this card's single showcased power rather than exhaustively listing every discipline in the real shared Psychic pool, consistent with how prior casters this session were built. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Librarian 70→75.
