[ANTI-VEHICLE 6+]

**Boarding Shield**
Each time this unit is targeted by a ranged attack, it has a 4+ invulnerable save against that attack. In the Fight phase, this unit's Save characteristic is improved by 1 against incoming melee attacks (e.g. 3+ becomes 2+); a save can never be improved past 2+.

**Honour Above All**
While this unit includes an attached Character model, each time that Character model fights a Challenge (or equivalent duel), until the end of that Fight phase, add 1 to the Wound roll for melee attacks made by other models in this unit.

### UNIT COMPOSITION

5 or 10 models, all carrying boarding shields. All models are equipped with a Chainsword and a Bolt Pistol. Up to 1 model can replace its Bolt Pistol with a Banestrike Bolter.

**Designer's Note.** Built from the real HH3e digitized "Chieftain Squad" profile (`Sons of Horus.json`) — a dedicated boarding-shield bodyguard retinue, the Sons of Horus' answer to Breacher Squad's shield-wall role. Real stat line: M7/WS5/BS4/S4/T4/W2/A3/LD8/SAV2+/INV5+, 30pts unit fee + 25pts/model (HH3e economy), 5-10 models. Priced at 150/280pts for 5/10. The Boarding Shield ability is reused directly from Death Guard's Breacher Squad (same real wargear, same translation). Honour Above All is a real, distinctively-worded rule (a Wound-roll bonus for the unit specifically triggered by an attached Character fighting a Challenge) translated to its closest 11e equivalent. The real profile's full options list (Legion standard, chainaxe/power weapon/power fist swaps for a "1 in 5" upgrade) was trimmed for card space to the core loadout plus the signature Banestrike Bolter swap. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Intercessor Squad 80→85.
