**Keywords:** INFANTRY, CHARACTER, EPIC HERO, HIBOU KHAN

**Faction Keywords:** LEGIONES ASTARTES, WHITE SCARS

**Designer's Note.** Built from the real HH3e digitized "Hibou Khan" profile (`White Scars.json`) — a Stormseer-lineage commander seeking penance for a failure the source never fully names. Real stat line: M7/WS6/BS5/S4/T4/W3/I5/A4/LD10/CL8/WP8/IN8/SAV2+/INV5+, 165pts (HH3e economy), priced at 125pts using this Legion's ~0.76 ratio. The Breath of the Storm is real and canonically named (real IM+1, translated to Fights First; real Critical Hit(6+), translated to Lethal Hits; real Breaching(4+), translated to Anti-vehicle 4+). Seeker of Atonement is real and distinctively worded — a Challenge-only death-save Gambit, translated here as an unconditional 4+ chance to survive being destroyed at 1 wound, preserving the "refuses to fall until the debt is paid" fantasy without the Challenge sub-system. Officer of the Line(2) is real; its exact source text wasn't available in this pass, rendered here as a Battle-shock-immunity aura matching the same convention used for Saul Tarvitz's own Officer of the Line rule. Real Expendable(2) is a Victory-Point-scoring reduction rule with no clean 11e analogue and is left unbuilt, matching this project's standard treatment of that rule family. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain 80→90.
