> **Designer's Note.** Built from the real HH3e digitized "Inductii" profile (`Imperial Fists.json`) — the same cheap horde-tier recruit archetype seen on nine prior Legions' rosters, real stat line structurally identical across all of them (M7/WS4/BS4/S4/T4/W1/A2/LD7/SAV3+, no invulnerable save). Priced identically at 90/170pts for 10/20, matching every other Legion's Inductii Squad. Supporting Fire is real and is what sets this Legion's recruits apart from the others: the real rule grants the Pinning(0) Special Rule to Shooting Attacks made by a Model that remained Stationary — translated here as a Battle-shock trigger conditional on the unit having stayed put, preserving the real "dig in, don't advance, keep the line steady" fantasy fitting for a Legion built around siege discipline. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Intercessor Squad 80→85.
