> **Designer's Note.** Built from the real HH3e digitized "Inductii" profile (`Salamanders.json`) — the same cheap horde-tier recruit archetype seen on thirteen prior Legions' rosters, real stat line structurally identical across all of them (M7/WS4/BS4/S4/T4/W1/A2/LD7/SAV3+, no invulnerable save). Priced identically at 90/170pts for 10/20, matching every other Legion's Inductii Squad. Unlike every other Legion checked so far, no standalone named Special Rule was found attached to this specific unit's own entry in the source data — the only rule found at the catalogue level ("Wargear of Heroes", a Combat-Resolution-point bonus) is a general Salamanders-wide grant, not an Inductii-specific signature ability, so this card is presented with the plain baseline loadout rather than an invented rule. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Intercessor Squad 80→85.
