> **Designer's Note.** Built from the real HH3e digitized "Inductii" profile (`Space Wolves.json`) — the same cheap horde-tier recruit archetype seen on eight prior Legions' rosters, real stat line structurally identical across all of them (M7/WS4/BS4/S4/T4/W1/A2/LD7/SAV3+, no invulnerable save). Priced identically at 90/170pts for 10/20, matching every other Legion's Inductii Squad. Headstrong is real and is what sets this Legion's recruits apart from the others: the real rule lets a Unit Charge in the same Player Turn it makes a Rush move, but inflicts Stunned and Pinned Tactical Statuses on the whole Unit if that Charge Roll is failed — translated here as the ability to charge after Advancing, with a failed Charge instead inflicting Battle-shock, preserving the real "reckless and undisciplined, but fast" fantasy using 11e's own Tactical Status vocabulary. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Intercessor Squad 80→85.
