> **Designer's Note.** Built from the real HH3e digitized "Inductii" profile (`Ultramarines.json`) — the same cheap horde-tier recruit archetype seen on eleven prior Legions' rosters, real stat line structurally identical across all of them (M7/WS4/BS4/S4/T4/W1/A2/LD7/SAV3+, no invulnerable save). Priced identically at 90/170pts for 10/20, matching every other Legion's Inductii Squad. Certainty and Resolve is real and is what sets this Legion's recruits apart from the others: the real rule makes them immune to being Removed as Casualties when Falling Back into their own board edge, and gives them a better chance of shaking off the Routed Tactical Status — translated here as immunity to failed Desperate Escape tests plus a guaranteed Battle-shock recovery, preserving the real "disciplined even in retreat" fantasy that fits this Legion's doctrine-first identity better than any other Legion's Inductii ability so far. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Intercessor Squad 80→85.
