ABILITIES

FACTION — SONS OF THE LEGIONS

This unit is a generic Legiones Astartes (Horus Heresy era) datasheet usable by any of the 18 Legions. Detachment buffs and Legion-specific stratagems apply per the Legion this unit is fielded as (Loyalist or Traitor). When fielded in a 40K list, treat as having the **Oath of Moment** faction ability if Loyalist; **Dark Pact** if Traitor.

MARK OF THE HUNTER

At the start of your Command phase, you can select one enemy **Character** unit on the battlefield to be the squad's Mark. Until the start of your next Command phase, each time a model in this unit makes a ranged attack against the marked Character's unit, you can re-roll the Hit roll and re-roll the Wound roll.

SPECIALIST AMMUNITION

At the start of each of your Shooting phases, select one of the following ammunition types for this unit's bolter attacks until the end of that phase: **Banestrike** (gain [ANTI-INFANTRY 4+]), **Tempest** (gain [DEVASTATING WOUNDS]), or **Vengeance** (gain [ANTI-VEHICLE 4+] and AP improves by 1, but Range halves to 12").

STALKERS

This unit has the **Infiltrators** ability and the **Stealth** ability.

DESIGNER'S NOTE — *Seeker Squads are Heresy veterans equipped with bespoke ammunition selectors, scope arrays, and the patience to wait an entire battle for a single killshot. The HH version is anti-character first and anti-armour second. 10e's closest analog is Sternguard Veterans, but Seekers carry the per-phase ammunition selector as a core mechanic (not a one-time choice). HB design: T4 W2 Sv3+ vet statline + Precision on the scoped bolter + a per-Command-phase character mark + per-Shooting-phase ammunition selector that swaps the squad between Anti-Infantry, Devastating Wounds, and Anti-Vehicle modes. 110 pts for 5 / 210 for 10 sits at canonical Sternguard pricing with the ammunition flexibility justifying the premium.* **11E CODEX UPDATE (18 OCT 2026):** *power armour T5*

like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Sternguard Veteran Squad 100→105.
