COMBAT PATROL

THE COVEN TEMPORUS

THOUSAND SONS | WARHAMMER 40,000 | 11TH EDITION

Ahrak the Time Weaver travels the stars by esoteric means, riding the temporal flow of the universe to skip back and forth through the ages of reality. He seeks artefacts of ancient provenance, though whether to further his own power or that of the Thousand Sons remains to be seen. To aid him in his quest, Ahrak leads a warband of twisted Tzeentchian Beastmen known as Tzaangors, as well as his personal bodyguard of hulking Scarab Occult Terminators.

ARMY RULES

CABAL OF SORCERERS
The Thousand Sons channel the arcane through battlefield ritual, beseeching the Changer of the Ways to aid them.

At the end of your Command phase, each model from your army with this ability that is on the battlefield (excluding Battle-shocked models) generates you a number of Cabal points equal to the number shown in its ability (e.g. a model with the Cabal of Sorcerers 2 ability would generate you 2 Cabal points). The combined total of these is your Cabal points pool.

During the battle round, you can use Rituals from the list below, deducting the Cabal points cost of each one from your Cabal points pool. If you do not have enough Cabal points for a Ritual, you cannot use it. Each Ritual can only be used once per phase. At the start of your next Command phase, your Cabal points pool resets to zero. Each time you use a Ritual, select one Thousand Sons Psyker model from your army, then apply that Ritual's effect using that Psyker.

Weaver of Fates (Psychic) — 2 Cabal points. Use this Ritual at the start of any phase. Once during that phase, when a saving throw is failed for a friendly Thousand Sons model whose unit is within 18" of this Psyker, you can re-roll that saving throw.

Echoes from the Warp (Psychic) — 6 Cabal points. Use this Ritual at the start of any phase. Once this phase, you can select this Psyker's unit as the target of a Stratagem for 0CP, even if you have already used that Stratagem this phase.

DETACHMENT RULE

THE COVEN TEMPORUS
Detachment Points: To use this detachment you must spend 1 DP.

ECHOES OF PROSPERO
Each time a unit from this detachment destroys an enemy unit, you gain 1 Cabal point. You cannot gain more than 1 Cabal point in this way per turn.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Purge the Foe.

ENHANCEMENTS
