ABILITIES

Core

Deep Strike, Leader

Phantom Strike [WEAPON]

Each time an Invulnerable saving throw is made against an attack made with this weapon, the opposing player must re-roll any successful Invulnerable saves.

Chapter Master [AURA]

While a friendly Adeptus Astartes unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of 1.

Orbital Bombardment

Once per battle, in your Shooting phase, select one point on the battlefield. Roll one D6 for each unit (friendly or enemy) within 6" of that point: on a 2+ that unit suffers D3 mortal wounds (a 3+ is required if the unit is a Monster or Vehicle).

Living Legend

While this model is your Warlord, at the start of your Command phase, you gain 1 CP. This ability can only trigger once per battle round.

Shadowed Fate

The first time this model is destroyed, roll one D6 at the end of the phase: on a 5+, set this model back up as close as possible to where it was destroyed and not within Engagement Range of any enemy models, with 1 wound remaining.

Teleport Strike

During deployment, you can set up this model in teleportarium reserves instead of on the battlefield. If you do, in the Reinforcements step of one of your Movement phases you can set it up anywhere on the battlefield more than 9" horizontally away from all enemy models.

Leader

This model can be attached to the following units: Terminator Squad, Sternguard Veteran Squad, Bladeguard Veteran Squad, Vanguard Veteran Squad.

Designer's Note

Homebrew — 8th Ed source. Lufgt Huron is the pre-fall (loyalist) name of Huron Blackheart, Chapter Master of the Astral Claws during the Badab War. He has no current 10th Edition datasheet. This profile is a homebrew 10e conversion based on his 8th Edition Wahapedia profile (Imperial Armour: Forces of the Adeptus Astartes index, originally published in *Imperial Armour 9: The Badab War — Part One*, 2010, 5th Edition). Statline preserved from the 8e profile (M5/W7/Sv2+/4++); abilities re-translated to 10e keywords. **11e codex update (18 Oct 2026):** toughness +1 (Terminator armour T6, bikes T6 like codex Outriders); Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points matched to GW's Darnath Lysander (160, the same 5" T6 2+ W7 Terminator-armoured hero) — not capped at Huron Blackheart, which is Huron after his fall.
