

INDUCTII SQUAD

CHOGORIAN LEVY

LEGIONES ASTARTES • WHITE SCARS • LOYALIST

They were raised on the plains chasing things faster than themselves, and it shows the moment anyone with a blade tries to pin one down.

Proof of Valour

Each time an enemy unit makes a melee attack that targets this unit, that attack cannot score a Hit on a roll better than a 4+, regardless of any other modifiers.

UNIT COMPOSITION

10 or 20 models. All models are equipped with a Chainsword and a Bolt Pistol.

Designer's Note. Built from the real HH3e digitized "Inductii" profile (`White Scars.json`) — the same cheap horde-tier recruit archetype seen on the Sons of Horus, Thousand Sons, Iron Warriors, Night Lords, and Emperor's Children rosters, real stat line structurally identical across all six Legions (M7/WS4/BS4/S4/T4/W1/A2/LD7/SAV3+, no invulnerable save). Priced identically at 90/170pts for 10/20. Proof of Valour is real and genuinely distinctive — the source specifically caps enemy Weapon-Skill-5 attackers at needing a 4+ to hit this unit in melee (rather than the 3+ they would normally need), reflecting even the Legion's freshest recruits being trained from birth as evasive Chogorian plainsriders — translated here as a flat "cannot be hit on better than 4+ in melee" rule, generalizing the real WS5-specific trigger into a simple universal cap for card clarity.
