**Designer's Note.** HH3e Arcuitor Magisterium — a small conclave of Cybertheurgical specialists, intended to project Sacred Algorithms-tier buffs from a non-Character unit. Two-target invocation in Command phase mirrors HH3e's multi-Discipline system. **11th-edition verification, 2026-08-28:** confirmed still current in fresh HH3e BSData (`Mechanicum.json`, non-hidden, typed "Infantry (Command)"). Real profile is T5/W4/SAV2+/INV5+ — **corrected SV from 3+ to 2+** to match the real armour save exactly (a fairly direct translation, unlike wound-count scaling); kept W at 3 as the existing interpretive-tier value per the "anchor, don't literally translate" rule. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
