The Krios anchors the gunline — its lightning cannon arcs and cracks, feeding the same many-hits-per-shot violence the Mechanicum's Cybernetica have always favoured.

Designer's Note. HH3e Krios Battle Tank — standard Mechanicum main battle tank, anchored on Predator/Onager Dunecrawler tier (T10 W11 Sv2+). Lightning cannon profile uses Sustained Hits 2 to capture the canonical HH3e Krios "many hits per shot" feel. Allegiance-neutral. Converted from the 10e-era homebrew (itself adapted from HH3e). 11th-edition conversion, 2026-08-14: format update only, no content changes — checked against fresh HH3e BSData and confirmed correct. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
