LAST CHANCERS

110 POINTS

SIX DAMNED SOULS, ONE FINAL MISSION

ASTRA MILITARUM • PENAL LEGION • IMPERIUM

Six condemned soldiers. Each carries the weapon they once trained on — the only thing the Departmento Munitorum trusted them with after the courts-martial. They march at the front of every Tyranid hive, every Chaos breach, every promethium-soaked forge-world. They have nothing to lose because nothing remains.

ABILITIES

Faction — Voice of Command
See Army Rule.

Suicide Mission
The first battle round in which this unit shoots or fights, each time a model in this unit makes an attack, you can re-roll a Hit roll of 1 and you can re-roll a Wound roll of 1. In addition, once in that battle round, you can re-roll one saving throw made for a model in this unit.

No Quarter Asked, None Given
This unit cannot Fall Back and automatically passes Battle-shock tests. Each time a model in this unit is destroyed, roll one D6: on a 6, do not remove it from play; it can shoot (as if it were your Shooting phase) or fight after the attacking unit has finished making its attacks, and is then removed from play.

Medi-pack (Lieutenant Kage)
In your Command phase, while Lieutenant Kage is on the battlefield, one model in this unit, or one friendly Astra Militarum Character model within 3" of this unit, regains 1 lost wound.

> **Designer's Note.** The Last Chancers were Imperial Guard's elite penal squad — six named, specialist-equipped condemned veterans led by Colonel Schaeffer, inspiration for Gav Thorpe's six-novel series. Their identity was three-fold: each model a named specialist with a unique weapon; Suicide Mission attitude (fearless, no retreat); one-shot squad (once dead, gone, no replacement pipeline). Pairs with Colonel Schaeffer for the full thematic squad. **11th-edition verification, 2026-08-31:** checked current 11e BSData directly — no match for "Last Chancers" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
