> **Designer's Note.** HH3e Ordinatus Aktaeus. The melee-and-siege Ordinatus — emerges from underground to strike at fortifications and armour columns. Subterranean Approach gives it Deep Strike on a 26-wound superheavy (powerful but slow, no native gun threat at range). **11th-edition verification, 2026-08-29:** confirmed still current in fresh HH3e BSData (`Mechanicum.json`, non-hidden). Real profile uses the older Vehicle armour-

> facing format (Primary/Exposed/HP) rather than the newer d10 M/WS/BS/S/T/W system, matching the Ordinatus Sagittar and Ulator's identical Carriage/Gun profiles — no direct comparison is possible with this card's T/W/SV, so content kept as-is (format conversion only). Expanded the abbreviated "Damage halving as Ulator" Void Shield Projector text to its full wording for a self-contained card, since all three Ordinatus variants share the same Carriage/Gun profile in BSData. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
