Designer's Note. HH3e Thallax Cohort — cybernetic shock-troops with jump packs, anchored on Inceptor/Assault Intercessor tier (T5 W2 Sv3+) but with Skitarii flavour. Allegiance-neutral. Converted from the 10e-era homebrew (itself adapted from HH3e). 11th-edition conversion, 2026-08-14: format update only, no content changes —

> checked against fresh HH3e BSData and confirmed correct (5-9 model squad size, standard lightning gun loadout, up to 2 special-weapon swaps). 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
