How to use

Extra model options for GW's Servitor Battleclade datasheet. Each takes a Combat Servitor slot (it counts towards the unit's 6 Combat Servitors and uses the official Servitor statline, with a servo-claw where shown). Each can be taken once per unit, at no extra points.

Auto-proxy Servitor

Equipped with: taser goad. Achillan Eye: While this model is in this unit, ranged weapons equipped by models in this unit have the [IGNORES COVER] ability.

Breacher Servitor

Equipped with: hydraulic pincer and lascutter.

Technomedic Servitor

Equipped with: servo-chirurgic claw. Mechanosuture Array: While this model is in this unit, models in this unit have the Feel No Pain 6+ ability.

Designer's Note — Kill Team Kit

Brings the rest of the Kill Team "Battleclade" (2024) box into 40k. GW's Servitor Battleclade covers the Underseer, Gun Servitors and Combat Servitors; the Auto-proxy, Breacher and Technomedic Servitors had no 40k rules. NFLB adds them as model options inside the official datasheet, so they follow GW's statline and points.
