

INDUCTII SQUAD

FRESH FROM CTHONIA

LEGIONES ASTARTES • SONS OF HORUS • TRAITOR

Newly-raised, half-trained, and thrown at the enemy in numbers the veterans don't have to spare — the Inductii learn the Legion's brutal creed the same way everyone else did: by living through it, or not.

Creed of Brutality

At the start of your Command phase, if this unit is within 6" of a friendly Sons of Horus Character model, you can take a Leadership test for this unit. If passed, until the end of the turn, melee weapons equipped by models in this unit have the [DEVASTATING WOUNDS] ability. If failed, this unit is Battle-shocked.

UNIT COMPOSITION

10 or 20 models. All models are equipped with a Chainsword and a Bolt Pistol.

Designer's Note. Built from the real HH3e digitized "Inductii" profile (`Sons of Horus.json`) — freshly-raised, not-yet-veteran Sons of Horus recruits, a cheap horde-tier unit distinct from every other named squad in the Legion (10-20 models, real 10pts unit fee + 9pts/model, the cheapest per-model cost found anywhere in this Legion's roster). Real stat line: M7/WS4/BS4/S4/T4/W1/A2/LD7/SAV3+, no invulnerable save — deliberately below Reaver-tier in every stat, reflecting genuinely green troops. Priced at 90/170pts for 10/20. Creed of Brutality is a real, distinctively-worded rule (a risk/reward Leadership test near a skilled Sons of Horus Character, granting a temporary Impact(S) Special Rule on a pass or a Stunned Tactical Status on a fail) translated into an 11e risk/reward Battle-shock gamble with a Devastating Wounds payoff, preserving the real rule's "gamble for a combat boost" character rather than softening it into a pure buff. Vanguard(2) is a real Victory-Point/deployment-scoring rule with no clean single-unit translation, left unbuilt.
