COMBAT PATROL

SEER COUNCIL

AELDARI (ASURYANI) | WARHAMMER 40,000 | 11TH EDITION

A Farseer rarely walks alone. When the visions sharpen and a thread of fate must be cut, she summons her sworn Warlocks — a circle of lesser seers who weave their lesser sights into the lattice of her greater one. Around them march the Guardians of her shrine, drawn from the very forge-halls where she casts her runes. This is a homebrew Aeldari Combat Patrol for the Asuryani (craftworld-generic), adapted to the 11th-edition Combat Patrol framework. Formatted to match the No Figure Left Behind Combat Patrol archive.

ARMY RULE

BATTLE FOCUS

Each time an Aeldari unit from your army Advances, until the end of the turn ranged weapons equipped by models in that unit have the [ASSAULT] ability.

DETACHMENT RULE

COUNCIL OF SEERS

Detachment Points: To use this detachment you must spend 1 DP.

RUNIC CONCORD

At the start of your Command phase, select one of the three Runes below. Until the start of your next Command phase, friendly Aeldari Psyker units and any friendly unit they are leading benefit from the chosen Rune's effect. You cannot select the same Rune two battle rounds in a row.

• **Rune of Witnessing** — Ranged weapons equipped by affected models have the [SUSTAINED HITS 1] ability.
• **Rune of Shielding** — Affected models have a 5+ Feel No Pain against Mortal Wounds, and a 6+ Feel No Pain against all other Damage.
• **Rune of Foretelling** — Re-roll Advance, Charge, and Battle-shock rolls for affected units.

FORCE DISPOSITIONS

This detachment has access to the following Force Disposition: Disruption.

ENHANCEMENTS

ELDRITCH TEMPEST — *Seer Council Guardian Defenders unit only*

The bearer calls down a tempest of psychic lightning, lashing the foe with the very fabric of the warp. Once per battle, in your Shooting phase, the bearer can manifest the Eldritch Tempest. Select one enemy unit within 18" visible to the bearer and roll one D6: on a 2-3 the unit suffers D3 mortal wounds; on a 4-5 it suffers D6 mortal wounds; on a 6 it suffers 2D6 mortal wounds.

RUNIC MASTERY — *Seer Council Farseer model only*

The bearer has cast the runes so many times that she may hold two threads of fate at once. At the start of your Command phase, when selecting a Rune via the Detachment Rule, you may select two different Runes instead of one. Both are active until the start of your next Command phase. (The same-Rune-twice-in-a-row restriction still applies to each Rune individually.)

STRATAGEMS

DOOM OF THE FORETELLERS **1CP**

Council of Seers — Battle Tactic Stratagem

When: Your Shooting phase or Fight phase, just after a friendly Aeldari Psyker unit (or a unit it is leading) has been selected to shoot or fight.

Target: That unit.

Effect: Until the end of the phase, attacks made by models in your unit have the [LETHAL HITS] ability. If the unit is the Warlock Conclave or contains a Farseer, attacks made with Psychic weapons also have +1 to the Armour Penetration characteristic.

FORESEEN STRIKE **1CP**

Council of Seers — Strategic Ploy Stratagem

When: Your opponent's Shooting phase or Fight phase, just after an enemy unit has selected its targets.

Target: One friendly Aeldari unit within 6" of a friendly Aeldari Psyker unit, that was selected as a target of one or more of the enemy unit's attacks.

Effect: Until the end of the phase, attacks targeting your unit have -1 to the Wound roll, and your unit has the Stealth ability.

ELDRITCH COUNSEL **2CP**

Council of Seers — Epic Deed Stratagem

When: Start of any battle round.

Target: Your army.

Effect: Select a second Rune (different from the one selected this turn) to also be active for friendly Aeldari Psyker units (and units they are leading) until the start of your next Command phase. Use this Stratagem only once per battle.
