COMBAT PATROL

ARMIGER TRAILBLAZERS

IMPERIAL KNIGHTS | WARHAMMER 40,000 | 11TH EDITION

In order to provide reconnaissance for their noble masters, lower-ranking bondsmen and their Armiger suits are sometimes formed into sub-lances composed of two Knights and referred to as Armiger Trailblazers. Paired thusly, they stride ahead of their noble kin, sweeping the battlefield for foes, engaging lighter enemies and securing beachheads and areas of strategic importance prior to the main advance.

ARMY RULES

HOUSEHOLD VANGUARD

Operating at a distance from the main body of their household and without support from the heavier Knight suits of their superiors, the bondsmen who form Armiger Trailblazer sub-lances must draw upon the full extent of their piloting skill, carefully channelling power between subsystems to ensure both their warsuits' survival and the destruction of their foes.

In your Command phase, select one Armiger model from your army that is on the battlefield and select one of the following:

Auspicator Focus — Until the start of your next Command phase, that model's unit is eligible to shoot in a turn in which it Fell Back.

Vox-signal Boost — Until the start of your next Command phase, add 4 to that model's Objective Control characteristic.

Automated Repair Systems — That model regains 1 lost wound.

DETACHMENT RULE

ARMIGER TRAILBLAZERS

STRATAGEMS

LOPING GAIT **1CP**

Armiger Trailblazers — Strategic Ploy Stratagem

When: Your Movement phase.

Target: One Armiger unit from your army that has not been selected to move this phase.

Effect: Until the end of the phase, each time a model in your unit makes a move, it can move through enemy models. When doing so, it can move within Engagement Range of such models but cannot end that move within Engagement Range of them, and any Desperate Escape test is automatically passed.

TERRIFYING CHARGE **1CP**

Armiger Trailblazers — Epic Deed Stratagem

When: Your Charge phase, just after an Armiger unit from your army ends a Charge move.

Target: That Armiger unit.

Effect: Select one enemy unit within range of your unit. That enemy unit must take a Battle-shock test, subtracting 1 from the result.

TARGET LOCK **1CP**

Armiger Trailblazers — Battle Tactic Stratagem

When: Your Shooting phase.

Target: One Armiger unit from your army that has not been selected to shoot this phase.

Effect: Until the end of the phase, ranged weapons equipped by models in your unit have the [IGNORES COVER] ability, and each time a model in your unit makes an attack, you can ignore any or all modifiers to the Hit roll.
