ABILITIES

Atomantic Shielding

This model has a 5+ invulnerable save.

Cortex Controller

While this unit is within 12" of a friendly **Tech-Priest** model, each time a model in this unit makes an attack you can re-roll a Hit roll of 1. If the friendly Tech-Priest has the **Cybertheurgist** keyword, re-roll all Hit rolls of 1.

Implacable Programming

This model automatically passes Battle-shock tests, and is unaffected by rules that would force it to Fall Back against its preprogrammed orders.

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Adamantine Tread

Each time this model makes a charge move, until the end of the turn, melee attacks made by this model have +1 to the Wound roll, and the first model destroyed by this model in melee triggers a D3 mortal wound spillover to other models in the target unit.

Deadly Demise D3

When this model is destroyed, roll one D6 before removing it; on a 6 each unit within 6" suffers D3 mortal wounds.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e Domitar Battle Maniple. Close-combat specialist Battle-Automata. Faster (M8") and tougher (W7) than Castellax — anchored on a melee-Kastelan/Rhino hybrid baseline. One-shot graviton ram on the charge is the iconic Domitar opener; paired graviton mauls handle the cleanup.
