ABILITIES

Drone Swarm

This unit has the FLY keyword. Models in this unit cannot be targeted by ranged attacks if any other unit is within 12" of the attacker (Lone Operative).

Iron Discipline

This unit automatically passes Battle-shock tests.

Scouts 9"

After both players have deployed, but before the first turn begins, this unit can make a Normal move of up to 9".

Targeting Cluster

While this unit is on the battlefield and within 18" of an enemy unit, friendly Mechanicum units making ranged attacks against that enemy unit ignore the Benefit of Cover.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e Echidnax Servo Maniple. Statline anchored on Servo-Skull / drone-swarm tier (T4 W1 Sv5+ OC0). Mainly a force-multiplier — Targeting Cluster gives the army an anti-cover tool.
