ABILITIES

Everywhere and Nowhere

At the start of your Command phase, select two Everywhere and Nowhere abilities. Until the start of your next Command phase, this model has those abilities.

Fluid Strategy

This model fights immediately if it has not yet fought, or delays to fight last if it has. This ability can be used once per Fight phase.

Deceptive Feint

Until the end of the Fight phase, each time an enemy model makes an attack against this model, subtract 1 from the Hit roll.

Hydra Strikes [AURA]

While a friendly Alpha Legion unit is within 6", that unit has the Fights First ability and each time a model in that unit makes a melee attack, a Critical Hit is scored on an unmodified roll of 5+.

Sire of the Alpha Legion [AURA]

While a friendly Alpha Legion Infantry unit is within 6", that unit can re-roll hit rolls of 1. In the first Battle Round, Alpha Legion units can hold Objectives even while Battle-shocked.

Alpha

During the Declare Battle Formations step, this model can be set up anywhere on the battlefield that is more than 3" from any enemy model, instead of using normal deployment rules.

The Hydra's Cunning

This model has the Lone Operative ability. Enemy models cannot target this model with Stratagems. Once per battle, this model can switch places with any friendly Alpha Legion Infantry Character model within 6".
