Designer's Note

Homebrew — 8th Ed source (Blackstone Fortress: Escalation, 2019). Amallyn Shadowguide is an Aeldari Ranger character introduced in the *Blackstone Fortress: Escalation* Warhammer Quest expansion. She has no current 10th Edition datasheet. This profile is a homebrew 10e conversion based on her 8th Ed Wahapedia profile: statline preserved (M7"/W4/Sv5+); abilities re-translated to 10e keywords (Lone Operative, Stealth, Scouts, Disengage). Permitted to lead a unit (or function as Lone Operative) as a homebrew exception — canonically, named Epic Heroes have fixed enhancements and don't take detachment enhancements.
