MELEE WEAPONS

WEAPON	RANGE	A	WS	S	AP	D	KEYWORDS
Power claws (paired)	Melee	6	2+	9	-3	3	Twin-linked

ABILITIES

Leader

This model can be attached to a Castellax, Domitar, Vorax, Vultarax, Thanatar, or any Battle-Automata unit (Dark Mechanicum detachment only).

Battlesmith

At the start of your Command phase, you can repair one friendly **Vehicle**, **Walker**, or **Battle-Automata** model within 3" of this model: that model regains up to D3 lost wounds, or returns one destroyed model to a Battle-Automata unit (your choice).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Master of the Battle-Automata

While this model is on the battlefield, each time a friendly **Heterodox Battle-Automata** unit makes a ranged or melee attack, you can re-roll a Hit roll AND a Wound roll.

Twice-Killed

The first time this model would be reduced to 0 wounds, it does not die — instead set its remaining wounds to 1 and it cannot lose any more wounds until the end of the phase.

Invulnerable Save

Archmagos Draykavac has a 4+ Invulnerable save.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e named Heretek Archmagos. Master of the Battle-Automata captures Draykavac's canonical role as a Cybernetica adept. Twice-Killed represents his Heresy-era cheating-death lore (he was reportedly killed and rebuilt twice during the Heresy).
