ABILITIES

Leader

This model can be attached to a Castellax, Domitar, Scyllax, Thallax, or Myrmidon unit.

Repulsor Abeyant

This model has the FLY keyword. It can move over terrain and models as if it were not there during its Movement phase.

Cybertheurgist

This model is a Cybertheurgist. While this model is on the battlefield, once per battle round, you may invoke a Cybertheurgical Rite: choose one friendly Mechanicum unit within 12" and grant it [SUSTAINED HITS 1] on its next attack action this turn.

Battlesmith

At the start of your Command phase, you can repair one friendly **Vehicle**, **Walker**, or **Battle-Automata** model within 3" of this model: that model regains up to D3 lost wounds, or returns one destroyed model to a Battle-Automata unit (your choice).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.
