ABILITIES

Leader

This model can be attached to a Castellax, Domitar, Scyllax, Thallax, or Myrmidon unit.

Cybertheurgist

This model is a Cybertheurgist. While this model is on the battlefield, once per battle round, you may invoke a Cybertheurgical Rite: choose one friendly Mechanicum unit within 12" and grant it [SUSTAINED HITS 1] on its next attack action this turn.

Battlesmith

At the start of your Command phase, you can repair one friendly **Vehicle**, **Walker**, or **Battle-Automata** model within 3" of this model: that model regains up to D3 lost wounds, or returns one destroyed model to a Battle-Automata unit (your choice).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Invulnerable Save

The Archmagos has a 4+ Invulnerable save.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e Archmagos. Statline anchored on canonical 10e Tech-Priest Dominus (T6 W5 Sv2+) bumped to W6 to reflect the senior status. 4+ invul reflects HH3e's heavy Archmagos shielding. Volkite serpenta + power axe is the iconic Archmagos personal loadout. Cybertheurgist + Battlesmith give him both the buff role (Sacred Algorithms anchor) and the repair role.
